SSO OUTREACH EVENTS — TUNES AND TALES!

As part of its Outreach and Education Program, the Sudbury Symphony String Quartet forged a partnership this past season with the Greater Sudbury Public Library that produced a smashing success called "Tunes and Tales". The quartet visited seven different library branches in November 2011, where they performed specially adapted music and sound effects to enhance the books "The Very Hungry Caterpillar" and "Stella, Fairy of the Forest", as the storytellers read to groups of youngsters. (Thanks to Dick van Raadshooven and Geoff McCausland for creating those ingenious adaptations!) Our four core musicians became instant rock stars - among the tot set anyway - and the libraries and the symphony office soon began fielding numerous calls from parents, teachers, and care-givers eager to find out when the next "Tunes and Tales" performances would be held.

Thanks to the overwhelming support of its young 300-strong fan base and the receipt of a generous grant from the **Sudbury Community Foundation /Fondation communautaire de Sudbury** for \$1800, the quartet will again present "Tunes and Tales" at the libraries in November 2012. Stay tuned for more details as they are confirmed.

## WELCOME FROM VICTOR SAWA

Our next season is bound to be a great crowd pleaser and I hope we have something for everyone. From Beethoven to Christmas, from cello concertos to Tchaikovsky, from opera to the Proms, I hope you all come out to see us. Along with yours truly is my good friend Brian Jackson, a Pops specialist who is the principal Pops conductor for Kitchener-Waterloo, London and Victoria Symphonies. I have personally worked with him many times over the years and he is a real treat. And if we have left anything out, we would be really pleased to include any and all in the following season. Come to the symphony, your Sudbury Symphony.

Cheers, Vic.
