/ARCHITECTURE

3rdLine.Studio (3LS) is an architectural practice based in Sudbury, Ontario established in 1984. Offering a full range of architectural services our built portfolio includes residential, commercial, institutional and industrial work across northern Ontario and beyond. Our firm is focused on idea and process-based projects that are charged with innovation and invention, across all sectors and client types. An open studio environment reflects the significance we place on strong ideas, communication and the resources necessary for creating successful projects. Backed by a partnership group that includes a quantity surveyor, we work to deliver creative architectural solutions that respect both function and finance.

3LS is known for creating architecture based on an understanding of the people, culture, climate and geography of the project at hand. Our approach is to work with you, the client, to reveal and validate a relationship of richness between the natural world and humanity. Our extensive work and knowledge in Northern Ontario and numerous First Nation groups, will provide you with resource of interested citizens of our community who are committed to positively shaping the northern experience. In this context, the building must work with the site and the community. It's not just a building, it's an environment and culture for the people of the communities we work with.
